## Goals Update

- Clinical Education  
BLS Conference in Limon completed. Somewhat disappointed in attendance but those who did indicated it was a welcome return to in person learning and gave good evaluations. The virtual option was offered and utilized by some attendees  
Planning for ALS Conference in early 2023
- Financial Education  
Attended the Mile High EMS Financial Symposium  
Planning for Fall 2022 P2P EMS Financial Symposium
- Advocacy/Legislation  
Getting information about legislation out to community stakeholders as appropriate  
Attending advocacy meetings as appropriate  
Attended the NAEMT EMS on the Hill virtual event
- Regional Medical Direction/CQI  
Continuing to facilitate the EMS MDC committee  
Working closely with the Co-Regional Medical Directors to finalize the first edition of the regional CQI program which went live with five categories this quarter  
Working with medical directors on the AED Registry
- Facilities  
One survey conducted. More to come soon
- Recruitment & Retention Project  
Project completed and final documents provided to the state EMTS office  
State EMTS office has agreed to allow the project to continue for a few months for more data gathering and edits to the final document
