Goals Update

- Clinical Education
Work continues to present the annual BLS Conference virtually starting on May 1st.
Work continues to present the ALS Conference in Spring 2022
- Financial Education
Cooperated with the Mile High RETAC to provide the 5th EMS Financial Symposium in March
Work is started to provide the 6th EMS Financial Symposium this fall
Worked with some agencies to participate in the Supplemental Reimbursement Program
Worked with various stakeholders to consider options for a Medicaid enhancement program for Community Non-Profit and Private agencies
- Advocacy/Legislation
Attending the weekly EMSAC Advocacy meetings
Attended the NAEMT EMS on the Hill program virtually
Getting information about legislation out to community stakeholders as appropriate
- Regional Medical Direction/CQI
Continuing to facilitate the EMS MDC committee
Working closely with the Co-Regional Medical Directors to finalize the first edition of the regional CQI program
- Facilities
Unfortunately, not much work on this goal partly due to the pandemic
- Cheyenne County Ambulance Service
Meeting with Agency Director almost weekly to assist with grants, human resources, and other items as appropriate
