The Penrose-St Francis EMS Institute is offering an Emergency Medical Technician course (EMT). This course provides the core knowledge and skills to function in the capacity of an EMT arriving on the scene of a medical/trauma emergency and provide care until advanced emergency responders arrive. Students who successfully complete this program are eligible to take the National Registry of Emergency Medical Technicians (NREMT) written EMT certification test.

American Heart Association BLS Provider Level CPR will be provided the first night of class, January 8th, 2020. This AHA CPR Certification Class is required (and included) as a part of this course.

Attendees must be 18 years old by the completion of the class.

Additional requirements and charges may apply for drug screen, immunizations, and background check.
